

Home Fellowship Questions

Blind to the Truth

John 9:13-24

1. Jesus healed the blind man on the Sabbath even though He knew it would create serious issues with the Religious Leaders. What statement was He making by doing this? What does this tell us about grace and the law?
2. We are often unaware of the ways that God is working in our lives until after the fact. Yet He is. How have you seen this to be true in your life? How should the fact that God is the same yesterday, today and tomorrow give us comfort when we go through difficult times?
3. The Pharisees tried to use this blind man's parents to discredit him. In the same way, Satan wants to use us to discredit and tear down others through gossip, slander, and criticism. What does God's Word say about speaking badly of others? How should we as Christians speak about others?
4. This man's parents, those closest to him, failed to stand by him when the going got tough. What does this tell us about trusting in man rather than in God? Why must God be the center of our lives and the only one we truly depend on?
5. The Pharisees were not looking for the truth about Jesus. They had already made up their minds about Him. Why are preconceived ideas about God and even others so dangerous?
